**LIST OF NATIONAL/INTERNATIONAL WORKSHOPS, FDP, TRAINING
PROGRAMMES CONDUCTED**

S.No.	Program Title	Type of Program	No. of Participants	Faculty Coordinator	Duration of the Program
1	Project Based Learning: International Internship Opportunities	Webinar – Club Activity	Ilyr, IIIrd yr students of GRIET.	Dr.N.Krishna Chythanya, Asst. Prof	30-4-2025
2	IIT Bomaby-Spoken Tutorials Online Certification Exam For LaTeX Course.	Online Certification Exam	IIIrd yr CSE students of GRIET.	Dr.N.Krishna Chythanya, Asst. Prof	28-4-2025
3	Fostering Inclusive Innovation: Empowering Diversity and Global Collaboration in Computing	ACM Griet Student Chapter.	B.Tech II Year students	Dr. B. Sankara Babu (CSE HOD)	4-04-2025
4	Coding Premiere League (CPL) by X-Kernel Club	Technical Event – Club Activity.	Ist yr, Ilyr, IIIrd yr students of GRIET.	Dr.N.Krishna Chythanya, Asst. Prof	29-3-2025
5	ANKUR-2025 Academic Incubation Meet	Workshop	Academicians, Start Ups, Students etc	Dr.N.Krishna Chythanya, Asst. Prof	21-03-2025
6	Faculty Induction Program FIP-2024-25(March-2025)	Faculty Induction Program	39 (7 from CSE)	A Nagender Babu-Asst.Prof (CSE)	03-03-2025 to 13-03-2025
7	28th Annual Day Celebrations	Annual Day Celebrations	Passed out and Current Students of GRIET	Dr.N.Krishna Chythanya, Asst. Prof	01-03- 2025
8	Conference on Higher Education and Skill Development	Conference	Academicians and Industry Personal	Dr.N.Krishna Chythanya, Asst. Prof	22/02/2025
9	EPITOME 25 Hackathon	Hackathon	214	Dr.Bapi Raju(SDC Coordinator)	21-2-2025 to 22-2-2025
10	AI TOOLS	Online FDP	Faculty and Students	Dr.N.Krishna Chythanya, Asst. Prof.	17-2-2025 to 21-2-. 2025

			across the nation.		
11	Generative AI in Enterprise- The next frontier of Business Transformation	Alumni Talk	B.Tech II Year students	T.V Suneetha	24-01-2025
12	Development Operations (DevOps)	Faculty Development Programme	Total - 85 Faculty – 74 PG Students - 11	Prof.G.Mallikarjuna Rao, Professor, CSE	9/12/2024 to 13/12/2024
13	MEGA EVENT by X-Kernel Club	Technical and Non-Technical Events – Club Activity.	Ist yr, Ilyr, IIIrd yr students of GRIET.	Dr.N.Krishna Chythanya, Asst. Prof.,	6-12-2024
14	Career Planning for Success	Guest Lecture-FDP	85 CSE B.Tech II & III Year Students 7 Faculty-CSE	Dr. G Charles Babu (Prof-CSE)	19-11-2024
15	Preparing for Immersive AR & VR Technologies	Guest Lecture-FDP	96 CSE B.Tech II & III Year Students 7 Faculty-CSE	A Nagender Babu-Asst.Prof (CSE)	15-11-2024
16	Optimizing Search and Integration	Alumni Talk	B.Tech II and III Year students	T.V Sunitha	02-11-2024
17	MS studies at Curtin University- Malaysia	Awareness Program on Abroad Studies and Internships at Curtin University-Malaysia	IInd and IIIrd year students of CSE	Dr. B. Sankara Babu (CSE HOD)	29-10- 2024
18	Cyber Security	Guest Lecture-FDP	96 CSE B.Tech II & III Year Students 10 Faculty-CSE	A Nagender Babu-Asst.Prof (CSE)	28-09-2024
19	XXIV Graduation Day Ceremony	Graduation Day	Toppers of all UG and PG courses, 2024 Graduates, HODs, Deans, All Staff, Parents and Media	Dr.Sankara Babu(CSE HOD)	24/8/2024
20	Intensive Faculty Training Program On	Training Program-FDP	18 (12 from CSE list attached)	A Nagender Babu-Asst.Prof (CSE)	05-08-2024 to 09-08-2024

	COMPUTER NETWORKS LAB				
21	MAZECODE by X-Kernel Club	Coding Competition – Club Activity.	Ist and Ilyr students of GRIET and GLWEC	Dr.N.Krishna Chythanya, Asst. Prof	6-7-2024
22	High Performance Computing (HPC) Under AICTE-SANKALP	Workshop-FDP	127-B.Tech II Year students 29- Faculty Members	A Nagender Babu- Asst.Prof (CSE)	05-07-2024

Gokaraju Rangaraju Institute of Engineering and Technology
EVENT SUMMARY REPORT

Nature of the Event	Webinar – Club Activity.
Title / Theme of the Event	Project Based Learning: International Internship Opportunities
Details of the Organizing Team	Dr.N.Krishna Chythanya , Assoc. Prof.,CSE,GRIET. Coordinator. Dr.B.Sankara Babu , Professor & HoD, CSE,GRIET. Convener. and Student Body of X-Kernel.
Date on which Event is held	30th April, 2025. 11.00am to 12.30pm.
Details of the Speaker	Dr. Sandeep S Inamdar, Director, ViMEET, Pune. Dr. Vikas Vithal Shinde, Director, PBL CoE, ViMEET,Pune.
Target Audience	IIyr, IIIrd yr students of GRIET.
Summary of the Event	<p>To sensitize the students and faculty members of GRIET on the innovative teaching pedagogy of Project Based Learning a Webinar was organized by X-Kernel on 30/4/2025 at 11.00 am through Google Meet with the title of “Project Based Learning: International Internship Opportunities” in Dept of CSE. The webinar was also intended to provide information on International Internship Opportunities for the students of GRIET who are interested in PBL process of learning. There were two resource persons Dr.Sandeep S Inamdar, Director, ViMEET, Pune, M.S. and Dr. Vikas Vithal Shinde, Director PBL CoE.</p> <p>Dr. Inamdar during his lecture insisted on need of questioning on status quo by the students and emphasized on changing educational system with the pedagogy of PBL. Dr. Vikas enlightened attendees on what is PBL? What are different PBL Models and How PBL can be introduced in an organization and also current existing opportunities for students to carry out international internships in Greece and Thailand. The webinar was attended by almost 120 members including students and staff of GRIET. This event strives to meet UNSDGs of 4 Quality Education and 9: Industry Innovation and Infrastructure and also 12: Sustainable Cities and Communities.</p>

<p>POs attained with this Event (number and description)</p>	<p>3) Ability to design a system, component, or process to meet desired needs with realistic constraints. 6) Ability to communicate effectively 9) Recognition of the need for, and an ability to engage in life-long learning. 12) Ability to create and or use Computer Science and Engineering related software tools.</p>
<p>Photographs of the event (Hard copy and Soft copy)</p>	<div data-label="Image"> </div> <p>Photo 1:Photos of Webinar on Project Based Learning: International Internship Opportunities organized by X-Kernel under CSE Dept on 30/04/2025..</p>

EVENT SUMMARY REPORT

Nature of the Event	Online Certification Exam.
Title / Theme of the Event	IIT Bombay-Spoken Tutorials Online Certification Exam For LaTeX Course.
Details of the Organizing Team	Dr.N.Krishna Chythanya , Assoc. Prof., CSE, GRIET. IITB-Spoken Tutorial Coordinator-CSE.
Date on which Event is held	28th April 2025. 9.30am-1.00pm
Details of the Speaker	--
Target Audience	III rd yr CSE students of GRIET.
Summary of the Event	To foster the knowledge on free open source tools and make students familiar with different documentation tools, LaTeX course of IIT-Bombay Spoken Tutorial platform was offered to III rd Yr CSE students. The online certification exam for the same was conducted on 28/04/2025 in computer center of Block-I and around 230 students took the exam out of which 220 students successfully got certified. This activity falls in line with UNSDG goals of 4 i.e. Quality Education.
POs attained with this Event (number and description)	3) Ability to design a system, component, or process to meet desired needs with realistic constraints. 9) Recognition of the need for, and an ability to engage in life-long learning. 12) Ability to create and or use Computer Science and Engineering related software tools.

ASSOCIATE DEAN DIARY OF EVENTS

EVENT SUMMARY REPORT

Nature of the Event (Workshop / Seminar / Guest Lecture / Tech Talk/ Training Program / Presentation/Conference)	ACM Griet Student Chapter.		
Title / Theme of the Event	Fostering Inclusive Innovation: Empowering Diversity and Global Collaboration in Computing		
Dates on which Event is held	From	To	No. of Days
	04-04-2025		1
Name of the Organization	GRIET ACM, Dr. Shankara Babu(CSE-HOD)		
Details of the Convener/Coordinator/Speaker	1. Dr. Muniraju Naidu Vadlamudi, Chairperson, ACM Hyderabad Deccan Professional Chapter, Associate Professor, KLH Bowrampet 2. Mrs Gayathri Vaka, Associate Director, Accenture Hyderabad		
Name of the Participants	B.Tech II Year students		
Summary of the Event (prepare day wise report in detail)	ACM is aware that many in our community are concerned about potential negative effects of recent Executive Orders by the new US Administration on our work in both the US and globally. This includes concerns about possible consequences for ACM publishing, conferences, education, and practitioner efforts, as well as concerns about possible harms to our work on inclusion for a strong and diverse technology workforce.		

<p>POs attained with this Event (number and description)</p>	<p>PO6 – The engineer and society: Apply reasoning informed by contextual knowledge to assess societal, health, safety, legal, and cultural issues and the consequent responsibilities relevant to professional engineering practice.</p> <p>PO7 – Environment and sustainability: Understand the impact of professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of and need for sustainable development</p> <p>PO8 – Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of engineering practice</p> <p>PO9 – Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings</p> <p>PO10 – Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large</p>

EVENT SUMMARY REPORT

Nature of the Event	Technical Event – Club Activity.
Title / Theme of the Event	Coding Premiere League (CPL) by X-Kernel Club
Details of the Organizing Team	Dr.N.Krishna Chythanya , Assoc. Prof.,CSE,GRIET. Coordinator. Dr.B.Sankara Babu , Professor & HoD, CSE,GRIET. Convener. and Student Body of X-Kernel.
Date on which Event is held	29th March, 2025. 10.00am to 4.00pm
Details of the Speaker	_____
Target Audience	Ist yr, Ilyr, IIIRD yr students of GRIET.
Summary of the Event	To enrich the technical knowledge of students on campus and test their skill set a coding competition event by name Coding Premeire League was organized by X-Kernel on 29/03/3035. A total of 41 teams registered from CSE, aIML, DS, CSIT,IT and Mechanical branches of GRIET. The participants were made to face coding challenges built on Hacker Ranker platform with customization. There were 3 rounds and challenge was organized in the format of cricket IPL with eliminations at each level. All the participants thoroughly enjoyed the event as evident from the feedback provided orally and through google form. This event enabled X-Kernel to contribute towards UNSDG goals of 4, 9 which are Quality Education and Industry innovation and Infrastructure respectively. Cash Prizes were given away to the winners.
POs attained with this Event (number and description)	3) Ability to design a system, component, or process to meet desired needs with realistic constraints. 6) Ability to communicate effectively 9) Recognition of the need for, and an ability to engage in life-long learning. 12) Ability to create and or use Computer Science and Engineering related software tools.

EVENT SUMMARY REPORT

Nature of the Event	Workshop
Title / Theme of the Event	ANKUR-2025 Academic Incubation Meet
Details of the Organizing Team	Dr. R. Sridevi, Director, DEIS-JNTUH. Dr Zahoorullah S MD., Chief Innovative Officer-ALIP
Date on which Event is held	21st March. 2025. 2.00pm to 5.30pm
Details of the Speaker	Dr. R. Sridevi, Director, DEIS-JNTUH. Dr Zahoorullah S MD., Chief Innovative Officer-ALIP Coln B.S. Rao, CEO, SRiX, Wgl. Dr. Vijay Kumar Sahu, Snr Regional Manager, NRDC. Mr. Ojeswi, Amity Univ Incubation Center. Ms. Moina qazi, Venute Capitalist.
Target Audience	Academicians, Start Ups, Students etc
Summary of the Event	<p>Col. B. S. Rao stressed on fund sources in India and recounted the way SR took pains to build its own SRiX building for incubations before it became an University itself. He mentioned they received till now almost 10Cr funds from different Govt agencies. They have more than 70 start ups in different verticals like Iot, fintech, health Assistive Technology, Hydrogen Fuel, VTOL etc. He mentioned as out of 4 Innovation Tech Business Incubators available in Telangana 1 is in SriX and noted a high perservice is needed to reach that level. They have PDGM in Innovation, Entrepreneurship and Venture Development-an AICTE Course.</p> <p>Dr. VijayaKumar Sahu emphasized on being technology readiness, market readiness, intellectual property readiness, consumer readiness for technology transfer successfully happening.</p> <p>Mr. Ojeswi stressed on Sustainability of Incubators and measures to be taken.</p> <p>Ms. Moina Qazi presented talk on what VCs would look in start up to invest and possibility of crowd funding. Spoke on funding winter, and having a proper team comprising of Product Guy, Business Guy, Operations Guy besides need of brand positioning to get high value for the product. She mentioned path to profitability story is very much required to get a cheque from venture capitalists. Right hygiene of data management and data driven decision making are key factors which can attract investors for start-ups. She noted not to show inflated numbers of valuation for the products of start-ups.</p> <p>Dr. Zahoorullah listed out all funding possibilities available for start ups included latest one like MeitY Gensis that is releasing funds to start ups now with complete assistance and follows idea of Entrepreneurship in Residence. This scheme also funds for Deep tech based start ups up to 1 crore for Cyber</p>

	Security, AIML, ARVR, Block chain and for software as a solution start ups as well. He informed on a course of Pre Incubation Training Program which is for 3 months in hybrid mode with overall approx. 24 hrs of lectures and starts at 29 th March 2025, having a cost of Rs.5314/-.
POs attained with this Event (number and description)	3) Ability to design a system, component, or process to meet desired needs with realistic constraints. 6) Ability to communicate effectively 9) Recognition of the need for, and an ability to engage in life-long learning. 12) Ability to create and or use Computer Science and Engineering related software tools.
Photographs of the event (Hard copy and Soft copy)	 <p>Photo 1: J-Lab Faculty members and students with DEIS Director Dr.R.Sridevi.</p>  <p>Photo 2: Students interact with Venture Capitalist Ms. Moina Qazi</p>

Report on Faculty Induction Programme (FIP) 2025

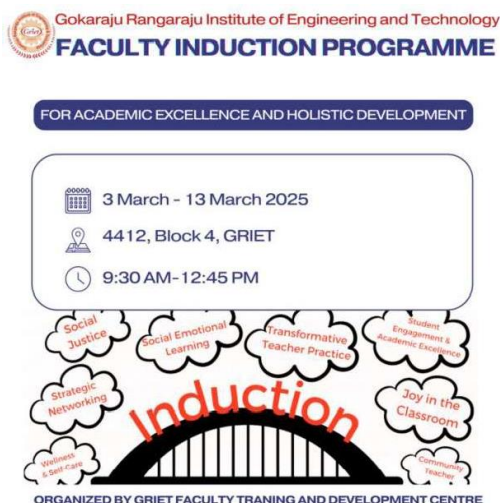

Gokaraju Rangaraju Institute of Engineering and Technology (GRIET)

Date: 03/03/2025 - 13/03/2025

Organized by GRIET Faculty Training and Development Centre (GFTDC)

Introduction

The Faculty Induction Programme (FIP) at GRIET aims to equip newly recruited faculty members with the necessary skills, knowledge, and perspectives to excel in teaching, research, and institutional development. This programme emphasizes pedagogy, research-driven innovation, curriculum design, assessment methodologies, and professional ethics to align with GRIET's mission of academic excellence and research-driven growth.

Session-Wise Report

Day 1: 03-03-2025

Session 1: Strategic Planning and Vision

Time: 9:30 AM – 11:00 AM

Speaker: Dr. Jandhyala N. Murthy, Director, GRIET

Dr. Jandhyala N. Murthy emphasized the **vision, mission, and objectives of the institution**, helping new faculty understand how their roles align with the institute's long-term and short-term goals. He highlighted **SWOT analysis for institutional growth**, stressing the importance of strategic planning in **academic and administrative policy formulation**. He also discussed how faculty members contribute to **Sustainable Development Goals (SDGs)** in higher education.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.86	4.89	4.91	4.89

Session 2: Academic and Curriculum Development

Time: 11:15 AM – 12:45 PM

Speaker: Dr. J. Praveen, Principal, GRIET

Dr. Praveen focused on **innovative teaching technologies** in engineering education, explaining how they align with accreditation standards like **NBA, NAAC, and NIRF**. He provided insights into **National Education Policy (NEP) 2020** and its implications for higher education institutions. His session encouraged faculty to adopt **modern pedagogical approaches** for effective teaching.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.83	4.94	4.91	4.89

Day 2: 04-03-2025

Session 3: Quality Assurance

Time: 9:30 AM – 11:00 AM

Speaker: Dr. C. Lavanya, Dean, IQAC

Dr. Lavanya highlighted the role of the **Internal Quality Assurance Cell (IQAC)** in maintaining academic standards. She discussed compliance with **national and international quality standards**, explaining the mechanisms that ensure institutional excellence. She detailed all the institutional standards that are required to submit for AQAR as a part of NAAC accreditation process.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.84	4.84	4.84	4.86

Session 4: Accreditation and Ranking

Time: 11:15 AM – 12:45 PM

Speaker: Prof. P. Gopala Krishna, Dean, Assessment & Accreditation

Prof. Gopala Krishna provided a detailed case study on **NIRF accreditation strategies**, explaining ranking and rating mechanisms for institutions. He stressed the importance of continuous **quality improvement** to enhance institutional reputation and NIRF Scoring Parameters & Weightage comprehensively during his session.

Over the years, GRIET has demonstrated notable performance in the NIRF rankings:

- **2024:** Ranked within the **101-150 band** in the Engineering category.
- **2023:** Maintained its position in the **101-150 band** in the Engineering category and was placed in the **151-300 band** in the Innovation category.
- **2022:** Achieved the **148th rank** in the Engineering category.
- **2021:** Secured the **148th rank** in the Engineering category.
- **2020:** Held the **172nd rank** in the Engineering category.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.81	4.86	4.89	4.86

Day 3: 05-03-2025

Session 5: Open Source Tools for Education

Time: 9:30 AM – 11:00 AM

Speaker: Dr. V. Vijaya Rama Raju, HOD, EEE

Dr. Rama Raju introduced faculty to various **open-source tools** that can be used in education to enhance learning experiences. He demonstrated tools for **content delivery, assessment, and interactive learning** via his WordPress, which is a **powerful open-source content management system (CMS)** that can be effectively used in **education** to create **learning platforms, blogs, online courses, and interactive content**.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.91	4.94	4.88	4.85

Session 6: Faculty's Role in Holistic Assessment

Time: 11:15 AM – 12:45 PM

Speaker: Dr. Ch. Mallikarjuna Rao, COE, GRIET

Dr. Mallikarjuna Rao emphasized the importance of **question paper design, evaluation methods, and holistic assessment strategies**. He encouraged faculty to align assessments with **Bloom's Taxonomy**. Dr CM Rao focussed on the do's and don'ts during the question paper preparation and advised faculty on the etiquette to be maintained during invigilation's. He also stressed on the sincerity and integrity faculty needs to imbibe while assessing and evaluating the students.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.88	4.91	4.85	4.85

Day 4: 06-03-2025

Session 7: Industry-Academia Collaboration

Time: 9:30 AM – 10:15 AM

Speaker: Dr. B. Sankara Babu, HOD, CSE

Dr. Sankara Babu focused on **competency-based learning**, highlighting the importance of **industry-aligned curriculum, hackathons, and boot camps** to prepare students for real-world challenges.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.91	4.94	5.00	4.97

Session 8: Accreditation and Ranking

Time: 10:15 AM – 11:15 AM

Speaker: Dr. Sridevi J, Dean, Finishing School

Dr. Sridevi J elaborated on **NBA and NAAC accreditation strategies**, explaining the best practices for ranking improvement and institutional branding. Dr Sridevi also put forth The NBA's **Revised Self-Assessment Report (SAR) 2025**, marking a substantial shift in the accreditation process for engineering institutions. Introduction of Basic (Binary) Accreditation and Maturity-Based Graded Levels (MBGL) for NAAC accreditation process that is set launch new accreditation models between April and May 2025.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.88	4.88	4.85	4.97

Session 9: Community Engagement and Social Responsibility

Time: 11:30 AM – 12:45 PM

Speaker: Dr. T. Padma, Dean, Green Campus & Outreach

Dr. Padma emphasized **institutional social responsibility**, discussing **extension activities, rural outreach programs, and green campus initiatives**.

•**NSS - Blood Donation Camp:** The National Service Scheme (NSS) at GRIET successfully organized a **blood donation drive**, encouraging students and faculty to contribute towards saving lives, fostering a culture of social responsibility.

•**Green Campus - Haritha Haaram Initiative:** As part of Telangana's **Haritha Haaram** program, GRIET undertook a **massive tree plantation drive**, enhancing campus greenery and promoting environmental sustainability.

•**Street Cause - Book Distribution to Rural Schools:** GRIET volunteers actively participated in **distributing books and educational materials** to rural schools, supporting underprivileged students and fostering literacy development.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.85	4.88	4.79	4.97

Day 5: 10-03-2025

Session 10: Pedagogy in Practice

Speaker: Dr. K. Madhavi, Dean, ICT

Dr. Madhavi discussed sustainable teaching and learning practices, focusing on active learning strategies. She stressed on the benefits

- Enhances student engagement through active learning techniques.
- Reduces educational costs by leveraging open-source tools and digital platforms.
- Promotes interdisciplinary and collaborative learning for holistic skill development.
- Supports environmental sustainability through paperless education and digital transformation.

By adopting sustainable teaching and learning practices, institutions can ensure that education remains impactful, inclusive, and future-ready.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.79	4.76	4.79	4.66

Session 11: Effective Question Paper Design

Speaker: Dr. G. Karuna, HOD, AIML&E

Dr. Karuna provided insights on aligning assessments with OBE principles. She emphasized how a structured approach to question paper design ensures that students achieve the desired learning outcomes effectively. She emphasized on revised Bloom's taxonomy

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.76	4.69	4.76	4.66

Session 12: Industry-Academia Collaborations

Speaker: Dr. Y. Jeevan Nagendra Kumar, HOD, CS-IT

Dr. Jeevan Kumar emphasized the significance of **industry-initiated learning modules** in bridging the academia-industry gap. He highlighted **global certifications** offered through GRIET's **Skill Development Centre**, which enhance student employability with industry-relevant skills. He also discussed **J-Lab (J-Hub)**, an innovation hub fostering **entrepreneurship, product development, and startup incubation**.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.76	4.79	4.76	4.66

Day 6: 11-03-2025

Session 13: Student Development and Support Services

Speaker: Dr. Vinay Kumar, Dean, Student Activities

Dr. Vinay Kumar highlighted GRIET's commitment to holistic student development through various cultural, extracurricular, and professional initiatives. **Pragnya 90.4 FM**, the institute's community radio station, serves the local community by broadcasting programs on environmental awareness, health, and education. **Bathukamma**, a vibrant floral festival of Telangana, is celebrated annually at GRIET, fostering cultural appreciation and unity among students. The institute's cultural clubs, **Rhythms** and **Spectra**, provide platforms for students to showcase their talents in music, dance, and other performing arts. **Pulse** and the **annual sports fest**, encourages physical fitness and sportsmanship through various athletic competitions. Additionally, GRIET hosts numerous **professional bodies and student chapters**, including IEEE, ACM, CSI, IETE, IET, SAE etc, facilitating technical skill enhancement and industry interaction. These diverse initiatives collectively enrich the student experience, promoting personal growth and professional readiness.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
5.00	4.69	4.62	4.52

Session 14: Curricular Aims of Higher Education

Speaker: Dr. K. Prasanna Lakshmi, Dean, Academics

Dr. Lakshmi explained the **Choice Based Credit System (CBCS)**, grading systems, and the integration of **Outcome-Based Education (OBE)** into the curriculum. She highlighted the structured **curriculum design process** at GRIET, overseen by the **Board of Studies (BOS)** and curriculum committees, ensuring alignment with industry needs. She emphasized the importance of **sustainability integration** in education, preparing students for **socially responsible and environmentally conscious careers**. Additionally, she discussed **flexible learning pathways and credit-based evaluation**, ensuring **holistic student development**.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.66	4.69	4.69	4.52

Day 7: 12-03-2025

Session 15: Course Files for Higher Education

Speaker: Dr. S. Govinda Rao, HOD, Data Science & CSBS

Dr. S. Govinda Rao, **Head of the Department, Data Science & CSBS, GRIET**, emphasized the **critical role of maintaining course files** in ensuring structured curriculum delivery, continuous improvement, and quality assurance in education. He explained that **well-organized course files** serve as a **documentation system** that helps faculty track course progress, learning outcomes, and assessment effectiveness.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.70	4.70	4.67	4.78

Session 16: Faculty and Student Skill Initiatives

Speaker: Dr. Sri Vidya Devi P, Dean, Skill Plus

Dr. Vidya Devi emphasized **MOOCs, skill development, and employability enhancement programs**. She outlined the role of **MOOCs, TASK, and ICT Academy collaborations** in equipping students with cutting-edge competencies. These initiatives ensure that GRIET graduates are **industry-ready and globally competitive**.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.59	4.67	4.67	4.78

Session 17: Faculty Progression and Well-being

Speaker: Dr. Hima Bindu Valiveti, Dean, FDP

Dr. Hima Bindu addressed **faculty self-appraisal, career growth, and mental and physical well-being**. She detailed a few initiatives that would benefit faculty's professional growth in GRIET and the ratification procedure for different positions according to the University procedures. The importance of mental and physical well being by performing simple tasks during the day was emphasized on. As a part of that a Step up challenge poster was released to encourage faculty well-being.

Additionally, she detailed the significance of Indian Knowledge Systems (IKS) and urged faculty to promote sustainable practices by integrating traditional wisdom, eco-friendly technologies, and holistic learning approaches into modern education. Faculty can incorporate Medicine, Vedic mathematics, indigenous farming, and ethical philosophies to enhance sustainability, interdisciplinary research, and value-based education.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.78	4.81	4.89	4.78

Day 8: 13-03-2025

Session 18: Research and Innovation

Speaker: Dr. Swadesh Kumar Singh, Dean, Research & Consultancy

Dr. Singh emphasized the pivotal role of research in professional development, highlighting the importance of **plagiarism prevention** and fostering **interdisciplinary research**. At Gokaraju Rangaraju Institute of Engineering and Technology (GRIET), several best practices are implemented to uphold **academic integrity** and promote **collaborative research**.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.72	4.61	4.61	4.78

Session 19: Team Building Activities

The programme concluded with team-building activities to enhance collaboration among faculty members. As part of the Faculty Induction Programme (FIP) 2025, GRIET conducted engaging team-building activities to foster collaboration, communication, and problem-solving skills among faculty members. These activities encouraged creativity, strategic thinking, and interpersonal bonding in a fun and interactive environment.

Key Activities Conducted: Head, Shoulders, Knees, and Toes , Build a Tower... Wreck It... Repeat, Save the Balloon. Math Mania , Own the Phone, Silent Communication Relay and Musical Glasses

Impact and Takeaways:

- Improved teamwork and collaboration among faculty.
- Enhanced communication and problem-solving skills.
- Encouraged creative thinking and adaptability.
- Strengthened faculty bonding in an enjoyable setting.

These engaging and dynamic activities ensured that faculty members experienced first-hand the importance of teamwork, making them better equipped to create a cooperative and interactive learning environment for students.

Feedback on the session and overall conduction:

Q1. Is the presentation in scope of the Topic	Q2. Knowledge of Speaker on the discussed topic	Q3. Overall Speaker feedback	Conduction of Program
4.72	4.67	4.72	4.78

Conclusion:

The Faculty Induction Programme 2025 successfully provided new faculty members with insights into teaching excellence, research, assessment methodologies, and institutional expectations. The session's facilitated knowledge sharing, skill development, and interdisciplinary collaboration, ensuring that faculty members are well-prepared for their roles at GRIET.

EVENT SUMMARY REPORT

Nature of the Event	Conference
Title / Theme of the Event	Conference on Higher Education and Skill Development
Details of the Organizing Team	CII and TDA
Date on which Event is held	22/02/2025. 9.15am to 6.00pm
Details of the Speaker	Around 25 luminaries of Academic and Industry were there in multiple panel discussions including Prof. Kodandaram MLC,TG. Mr. Jayaprakash Narayan IAS, Mr. Krishna Aditya IAS, Prof. Ganta Chakrapani, Prof. T Kisen Kumar Reddy, Prof V. Balakista Reddy, Prof. N V Ramana Rao, Mr. Jayanth Challa etc.
Target Audience	Academicians and Industry Personal
Summary of the Event	All the panel members insisted on collaboration of Industry and Academia to design the curriculum as well as enhance the revenue of academic institutions in the form of projects and consultancy besides CSR funds being attracted. The emphasis was also on academic freedom for institutions and regular interval curriculum changes with more importance to professor on practice and Industry based internships. Speakers expressed too much of theoretical knowledge and lacks practical knowledge, needs a mix of contextual and conceptual learning. Industry certifications should be given high priority. Rural development throws huge number of challenges to solve. BITS Pilani does curriculum review once in 5 years providing overall 7 months internship with 2 months after IInd yr and 5 months in last semester. Students are more technology focused than focusing on problem domain of society. Some expressed as Univ should look beyond Govt. for funding. Etc etc..
POs attained with this Event (number and description)	3) Ability to design a system, component, or process to meet desired needs with realistic constraints. 6) Ability to communicate effectively 9) Recognition of the need for, and an ability to engage in life-long learning. 12) Ability to create and or use Computer Science and Engineering related software tools.

EPITOME 25

(A 24 HOURS ALL INDIA HACKATHON)

The EPITOME 25 Hackathon is an event that brings together project leaders, developers, and designers to achieve a large goal in digital spaces. Learning the details of these events, why businesses and leaders should use them, and how to host them can make a massive difference in the success of project outlook and achievement. EPITOME 25 is an all-India National Hackathon event conducted by the GSDC-SB (Student body of GRIET Skill Development Cell). A registration fee of Rs.500/- is collected from each participant, and around 4.5 lakhs is spent on this event out of which Rs.1.5 Lakhs worth of cash prizes are distributed to the winners and Nescafe Gold, Food vouchers worth 500 are distributed to all the participants of the EPITOME 25 Hackathon.

Resources Provided To The Participants:

EPITOME 25 – A 24-hour Hackathon Commenced at 10 am -on February 21st and continued till 10 am – on February 22nd. 2.5 Gbps Internet Bandwidth is provided to the participants. This Hackathon is conducted in Air conditioned Hall 1. Breakfast, lunch, and dinner are provided at the same premises to all the participants. Separate restrooms are provided for both boys and girls. Security, technical staff, and medical support are also provided. Around 90 members including volunteers, student body members, and some lady and gent faculty members took part in this around-the-clock event.

Evaluation and Prize distribution:

Two Judges are allocated to each domain. Judges are picked from various backgrounds and most of them are industry experts . They evaluated the participant's projects in a prescribed format and submitted the results in a sealed cover. In the presence of Chief Instructor of SDC Dr.G.S.Bapi Raju, our principal Dr.J.Praveen, IAS Officer Hari Chandana Dasari and Actress Geetha Bhascker announced and presented the awards/certificates to all the winners of the EPITOME 25 Hackathon.

Honors:

Hari Chandana Dasari:

Hari Chandana Dasari, IAS, is a visionary leader dedicated to innovation and public service. She is currently serving as the Special Secretary to the Government of Telangana in the Roads & Buildings Department and has led several groundbreaking initiatives.

Domains offered to the participants :

- 1.Health Care
- 2.Smart Education
- 3.Smart Automation
- 4.Agrotech and Sustainable Development
- 5.Fintech

Five problem statements have been given in each domain and the sixth problem statement is open innovation in all domains.

ASSOCIATE DEAN DIARY OF EVENTS

EVENT SUMMARY REPORT

Nature of the Event (Workshop / Seminar / Guest Lecture / Tech Talk/ Training Program / Presentation/Conference)	CSI /Alumni Talk by Raghav Jandhyala is Head of Products for Microsoft Dynamics 365.		
Title / Theme of the Event	Generative AI in Enterprise- The next frontier of Business Transformation		
Dates on which Event is held	From	To	No. of Days
	24-01-2025	24-01-2025	1
Name of the Organization	GRIET CSI &Alumni		
Name of the Participants	B.Tech II Year students		
Summary of the Event (prepare day wise report in detail)	Gen AI is transforming Enterprise and Business Applications with a renewed focus bringing back 'User at the Center', boosting their productivity and business outcome. This is an opportunity for enterprises to digitize and re-invent business processes with AI and Automation. But the journey needs a proper framework for AI adoption and success. In this session we will cover real world customer case studies, Microsoft Copilots and Gen AI use cases, Optimization models for decision support in Supply Chain, and how Low-Code/No Code has revolutionized Business Analytics with Insights to Action		
POs attained with this Event (number and description)	PO8: Apply professional and ethical responsibility with the norms of engineering. PO9: Contribute as individual and able to work with any multi-disciplinary teams for achieving the targeted goal towards organizational growth. PO10: Compile and communicate, the developed complex		

	<p>engineering process by creating effective documentation, presentation, and assessment report, and communicate the entire advancement to the next successive hierarchical level.</p> <p>PO11: Converge the Engineering, knowledge and skill, to manage multi-disciplinary environmental projects within the permitted financial boundary and time.</p> <p>PO12: Recognize and predict the future technological change, and adopt to focus on preparing and engaging in life-long learning.</p>

EVENT SUMMARY REPORT

Nature of the Event	Technical and Non-Technical Events – Club Activity.
Title / Theme of the Event	MEGA EVENT by X-Kernel Club
Details of the Organizing Team	Dr.N.Krishna Chythanya , Asst. Prof.,CSE,GRIET. Coordinator. Dr.B.Sankara Babu , Professor & HoD, CSE,GRIET. Convener. and Student Body of X-Kernel.
Date on which Event is held	6th Dec. 2024. 9.15am to 4.00pm
Details of the Speaker	_____
Target Audience	Ist yr, Ilyr, IIIrd yr students of GRIET.
Summary of the Event	To enrich the the technical knowledge of students on campus and test their skill set besides some fun activities, a MEGA EVENT was organized by X-Kernel Club of GRIET on 6/12/2024. Students from all the departments of GRIET participated and enjoyed the events thoroughly. Overall __number of individual events were organized by all departments. Dept Of CSE organized 7 events under the coordinator Ms.B.Sindhuja, Dept. Of IT conducted 5 events under the leadership of Ms.Akhila,Asst.Prof., whereas Dept of AIML organized 4 events under the coordinator Ms.Rajani Parimala, Asst.Prof., and Dept of DS & CSBS organized 4 events under guidance of Mr.Sharma, ,EEE,ECE,Civil Mech combined organized 2 activities. Total nearly 400 students participated in the daylong event and the prizes were given away. The event incurred an expenditure of Rs.24865/- and also generated an IRG of Rs.22110/-
POs attained with this Event (number and description)	3) Ability to design a system, component, or process to meet desired needs with realistic constraints. 6) Ability to communicate effectively 9) Recognition of the need for, and an ability to engage in life-long learning. 12) Ability to create and or use Computer Science and Engineering related software tools.

EVENT SUMMARY REPORT

Nature of the Event	Awareness Program on Abroad Studies and Internships at Curtin University-Malaysia
Title / Theme of the Event	MS studies at Curtin University- Malaysia
Details of the Organizing Team	Dr. B. Sankara Babu , Professor & HoD, CSE, GRIET. Convener.
Date on which Event is held	29th October 2024.
Details of the Speaker	Dr.J.Praveen, Principal(Griet)Dr. S.K. Singh, Dean R&D (Griet)and Prof. Vijaya Ramaraju(Griet)
Target Audience	IIInd and IIIrd year students of CSE
Summary of the Event	The Department of Computer Science and Engineering (CSE) at GRIET organized an awareness program for second and third-year students regarding internship opportunities and MS studies at Curtin University, Malaysia. The program highlighted the benefits of the recent Memorandum of Understanding (MoU) between Curtin University and GRIET. Key speakers included Dr. J. Praveen, Dr. S.K. Singh, and Prof. Vijaya Ramaraju, who provided valuable insights on how students can take advantage of the MoU. Dr. B. Sankara Babu, the Professor and Head of the CSE Department, expressed gratitude to the resource persons and supporting faculty members for their contributions to the event.)
POs attained with this Event (number and description)	<ol style="list-style-type: none">1. Increased Awareness of Opportunities: Students gained knowledge about various internship and study options available at Curtin University, fostering a broader understanding of global education prospects.2. Understanding of Procedures: The program provided insights into the specific steps students need to take to apply for internships and MS programs, ensuring they are better prepared for the application process.3. Networking and Support: The involvement of faculty and resource persons created a supportive environment for students, encouraging them to seek guidance and mentorship.4. Motivation for International Studies: The discussion on the advantages of studying abroad motivated students to consider international education as a viable option for their future careers.

EVENT SUMMARY REPORT

Nature of the Event (Workshop / Seminar / Guest Lecture / Tech Talk/ Training Program / Presentation/Conference)	Training Program-FDP		
Title / Theme of the Event	Intensive Faculty Training Program On COMPUTER NETWORKS LAB		
Dates on which Event is held	From	To	No. of Days
	05-08-2024	09-08-2024	5
Name of the Organization	CSE-GRIET		
Details of the Convener/Coordinator	Dr. B Sankara Babu (HOD-CSE) Dr B Srinivasa Rao - Dean FDP		
Details of the Faculty Coordinator	A Nagender Babu- Asst.Prof (CSE)		
Name of the Participants	18 (12 from CSE list attached)		
Summary of the Event (prepare day wise report in detail)	<p>Resource Person: Dr.G S Bapiraju - SDC Dean Internships. He is a senior professor in the Department of Computer science and engineering,GRIET. He is having more than two decades of teaching/Industry experience. He is a qualified instructor for various courses including CISCO, RedHat Linux, PaloAlto Networks, Blue Prism and Amazon AWS courses.</p> <p>There is very good response of faculty. Sessions were conducted for five days.</p> <p>In <u>Day 1</u>: Introduction to CN Task-1: Implement the following Data Link Layer framing methods: a) Bit stuffing b) Character-stuffing c) Character count. Task-2: Implement the following Data Link layer protocols: a) Simplex protocol b) Stop and Wait protocol c) Sliding Window protocol Task-3: Design a program to implement the following: a) Shortest Path routing protocol b) Distance Vector routing protocol c) Token Bucket algorithm</p> <p><u>Day 2</u> :</p>		

	<p>Task-4: Develop a program to implement the following: a) DES algorithm b) RSA algorithm</p> <p>Task-5: a). Configure network devices, such as hubs and switches within a network topology using Packet Tracer software).Construct a single LAN and understand the concepts and operation of ARP.</p> <p><u>Day 3 :</u></p> <p>Task-6: Configure and implementation of a Switch within a Network using Packet Tracer. Learn and implement basic commands of Computer network like PING, trace route, nslookup etc.</p> <p>Task-7:a). Configure and implementation of a Router within a Network using Packet Tracer. b). Configure and examine Network Address Translation (NAT).</p> <p><u>Day 4 :</u></p> <p>Task-8:a).Configure network topology to implement VLANs with using Packet Tracer software. b).Configure network topology and implement static routing using Packet Tracer Software.</p> <p>Task-9: a). Configure network topology and implement dynamic routing protocol such as RIP, OSPF etc. using Packet Tracer.</p> <p>Task-10: Configure DHCP Server in the Network using packet tracer software. Configure a remote login using SSH and Telnet.</p> <p><u>Day 5 :</u></p> <p>Task-11: Establishing a Web Server Connection Using the PC's Web Browser, .Install Wire shark and view</p> <p>i). Network Traffic. ii).Wired and wireless NIC information. iii).Examine Ethernet Frames</p> <p>Task-12: Adding IoT devices to Smart Homes using Packet Tracer b). Connect and Monitor IoT Devices using Packet Tracer</p> <p>The program was successfully conducted and certificates were awarded to all eligible participants.</p> <p>The Feedback was Excellent.</p>
<p>POs attained with this Event (number and description)</p>	<p>PO8: Apply professional and ethical responsibility with the norms of engineering.</p> <p>PO9: Contribute as individual and able to work with any multi-disciplinary teams for achieving the targeted goal towards organizational growth.</p> <p>PO10: Compile and communicate, the developed complex engineering process by creating effective documentation, presentation, and assessment report, and communicate the entire advancement to the next successive hierarchical level.</p> <p>PO11: Converge the Engineering, knowledge and skill, to manage multi-disciplinary environmental projects within the permitted financial boundary and time.</p> <p>PO12: Recognize and predict the future technological change, and adopt to focus on preparing and engaging in life-long learning.</p>

EVENT SUMMARY REPORT

Nature of the Event	Coding Competition – Club Activity.
Title / Theme of the Event	MAZECODE by X-Kernel Club
Details of the Organizing Team	Dr.N.Krishna Chythanya , Asst. Prof.,CSE,GRIET. Coordinator. Dr.B.Sankara Babu , Professor & HoD, CSE,GRIET. Convener. and Student Body of X-Kernel.
Date on which Event is held	6th July. 2024. 9.15am to 1.30pm
Details of the Speaker	_____
Target Audience	Ist and Ilyr students of GRIET and GLWEC.
Summary of the Event	Keeping in view of high demand for code developers in the technical market, to hone the skills of young engineering students, X-Kernel came out this time with a mind boggling Coding competition for Ist and II nd Year students of GRIET and GLWEC. Participants were allowed to participate as a team of max 2 students.On total around 55 teams registered and around 50 teams participated the event conducted on 06/07/2024 in Hall-1 of GRIET. The questions of coding were given in the form of a maze structure and the team which reaches destination in shortest time was to be declared as winners. We used HackerRanker platform to implement this coding contest. All students participated with full energy and enthusiasm. Within the stipulated time it was observed that teams of G. Pavan sai teja, I-CSE C (23241A05F0), Marasakatla Abhinav Kumar, I-CSE C(23241A05HO) and Nampally Namish Varma,II-CSE C,(22241A05G9), Janugam Preetham, II-CSE C (22241A05F0). Consolation Prize was given to GLWEC students : P.V.N SUPRANITHA(245622733175) and K.V.L.Sathwika(245622733159)
POs attained with this Event (number and description)	3) Ability to design a system, component, or process to meet desired needs with realistic constraints. 6) Ability to communicate effectively 9) Recognition of the need for, and an ability to engage in life-long learning. 12) Ability to create and or use Computer Science and Engineering related software tools.

EVENT SUMMARY REPORT

Nature of the Event (Workshop / Seminar / Guest Lecture / Tech Talk/ Training Program / Presentation/Conference)	Workshop-FDP		
Title / Theme of the Event	High Performance Computing (HPC) Under AICTE-SANKALP		
Dates on which Event is held	From	To	No. of Days
	05-07-2024	05-07-2024	1
Name of the Organization	CSE-GRIET		
Details of the Convener/Coordinator	Dr. B Sankara Babu (HOD-CSE) Prof. G Mallikarjun Rao		
Details of the Faculty Coordinator	A Nagender Babu- Asst.Prof (CSE)		
Name of the Participants	127-B.Tech II Year students 29- Faculty Members		
Summary of the Event (prepare day wise report in detail)	Awareness program on High performance Computing by Dr. T.Satyanarayana Murthy, associate professor of IT department, CBIT and also master trainer of C-DAC addressed the workshop. There is very good response of faculty and students. Three sessions were conducted. In <u>session 1</u> introduction to super computers and high performance computing has been discussed. <u>Session 2</u> focussed on OMP basic commands and live demonstration was given. <u>Session 3</u> MPI has been discussed. Matrix multiplication program of 3000 x 3000 has been live demonstrated with Param super computer credentials.		
POs attained with this Event (number and description)	PO8: Apply professional and ethical responsibility with the norms of engineering.		

PO9: Contribute as individual and able to work with any multi-disciplinary teams for achieving the targeted goal towards organizational growth.

PO10: Compile and communicate, the developed complex engineering process by creating effective documentation, presentation, and assessment report, and communicate the entire advancement to the next successive hierarchical level.

PO11: Converge the Engineering, knowledge and skill, to manage multi-disciplinary environmental projects within the permitted financial boundary and time.

PO12: Recognize and predict the future technological change, and adopt to focus on preparing and engaging in life-long learning.

Summary of the Event	<p>Microsoft Power BI is a powerful business analytics tool that enables users to visualize and share insights from their data. It allows the integration of data from various sources, transforming it into interactive reports and dashboards. Power BI is essential for making datadriven decisions, as it provides real-time updates and intuitive visualizations. Its user-friendly interface and advanced features like AI-powered analytics make it accessible to both technical and non-technical users. By enabling better data interpretation and presentation, Power BI significantly enhances business intelligence and strategic planning capabilities.</p>

SDC Education Transformation (SET) series – 01 **FIGMA WORKSHOP (UI/UX)**

Workshop on **UI/UX Design using FIGMA** conducted by Skill Development Cell
Student Body (SDC-SB)

Conducted on	: 21-03-2024
Duration	: 1 day
Mode of training	: Offline
Venue	: CSE Block (Room no. : 1407)
Registration Fees	: 150
Total number of participants	: 114
Resource Person	: Arekanti Dilip kumar (Founder of Areksoft Technologies Private Limited) & Krishna (Co-founder Fly Masters).

The UI/UX design workshop conducted using Figma aimed to provide participants with hands-on experience in creating user interfaces and enhancing user experiences. Figma, a collaborative interface design tool, was chosen for its versatility and ease of use in collaborative environments.

Objectives of the workshop

1. **Understand the principles of UI/UX design:** This objective aimed to provide participants with a foundational understanding of the principles that guide user interface and user experience design. By learning about concepts such as usability, accessibility and visual hierarchy.

- 2. Familiarize participants with the Figma interface and its key features:** Figma is a powerful tool for UI/UX design, but it can be intimidating for beginners. By becoming comfortable with Figma, participants could focus more on the design process itself rather than struggling with the software.
- 3. Learn to create wireframes and prototypes using Figma:** This objective aimed to develop participants' practical skills in using Figma to translate design concepts into tangible artifacts. By learning how to create wireframes, prototypes, and design, participants gained hands-on experience in different stages of the design process.
- 4. Explore best practices for designing intuitive user interfaces and enhancing user experiences:** Designing user interfaces that are intuitive, aesthetically pleasing, and accessible requires a deep understanding of best practices and design principles. This objective aimed to expose participants to a range of best practices related to layout design, typography, color theory, information architecture, and interaction design. By studying examples of good and bad design, participants learned how to apply these principles to their own projects effectively.

The UI/UX design workshop using Figma provided participants with valuable skills and insights into the world of user interface and user experience design. By combining hands-on exercises with theoretical concepts, the workshop empowered participants to create engaging and user-friendly digital products. Going forward, participants are encouraged to continue practicing their skills and exploring new design trends and techniques.

Outcome: Participants gained practical experience in using Figma to create wireframes, prototypes, and design. Participants developed a deeper understanding of UI/UX design principles and best practices.

EVENT SUMMARY REPORT

Nature of the Event	Webinar.
Title / Theme of the Event	International Project Opportunities for Students
Details of the Organizing Team	Dr.N.Krishna Chythanya , Asst. Prof.,CSE,GRIET. Coordinator. Dr.B.Sankara Babu , Professor & HoD, CSE,GRIET. Convener.
Date on which Event is held	15th March. 2024. @7.30pm through Zoomlink Zoom Link:- https://us06web.zoom.us/j/9096007927?pwd=fXGQ0CIncRKCqFa4x7eVYNx8mdHA77.1 Meeting ID: 909 600 7927 Passcode: 2088
Details of the Speaker	Dr.Vikas Vittal Shinde , Director-PBL , Vishwanikentan, Pune.
Target Audience	IInd and IIIyr students.
Summary of the Event	<p>There is a huge opportunity landscape for innovative product designed through Project Based Learning and Dept of CSE wanted to throw some light on the international project opportunities for students, in this connection in association with Vishwaniketan institute, pune , a webinar was organized on 15/3/2024 @7.30 pm through Zoom online platform for about 1hr.30min.</p> <p>On a total 112 students of different branches of GRIET. The speaker Dr. Vikas Vittal Shinde elaborately explained different project opportunities available across the world for the attendees. The different procedures to follow in availing this opportunity through their organization was introduced including the cost students need to bear. It was a very informative session and students actively participated in Q&A , discussions.</p>
POs attained with this Event (number and description)	3) Ability to design a system, component, or process to meet desired needs with realistic constraints. 6) Ability to communicate effectively 9) Recognition of the need for, and an ability to engage in life-long learning. 12) Ability to create and or use Computer Science and Engineering related software tools.

EPITOME 24

(A 24 HOURS ALL INDIA HACKATHON)

The EPITOME 24 Hackathon is an event that brings together project leaders, developers, and designers to achieve a large goal in digital spaces. Learning the details of these events, why businesses and leaders should use them, and how to host them can make a massive difference in the success of project outlook and achievement. EPITOME 24 is an all-India National Hackathon event conducted by the GSDC-SB (Student body of GRIET Skill Development Cell). A registration fee of Rs.400/- is collected from each participant, and around 4.5 lakhs is spent on this event out of which Rs.1.25 Lakhs worth of cash prizes and another 75k worth of vouchers are distributed to the winners of the EPITOME 24 Hackathon.

Resources Provided To The Participants:

EPITOME 24 – A 24-hour Hackathon Commenced at 10 am on March 1st and continued till 10 am on March 2nd. 2.5 Gbps Internet Bandwidth is provided to the participants. This Hackathon is conducted in Air conditioned Hall 1. Breakfast, lunch, and dinner are provided at the same premises to all the participants. Separate restrooms are provided for both boys and girls. Security, technical staff, and medical support are also provided. Around 90 members including volunteers, student body members, and some lady and gent faculty members took part in this around-the-clock event.

Evaluation and Prize distribution:

Two Judges are allocated to each domain. Judges are picked from various backgrounds and most of them are industry experts. They evaluated the participant's projects in a prescribed format and submitted the results in a sealed cover. In the presence of our title sponsor Prismos Beauty Managing Director Apuroop and our Professor & Chief Instructor of SDC Dr.G.S.Bapi Raju, principal Dr.J.Praveen, and Director Dr.J.N.Murthy announced and presented the awards/certificates to all the winners of the EPITOME 24 Hackathon.

Domains offered to the participants:

- 1.Health Care
- 2.Smart Education
- 3.Smart Automation
- 4.Agrotech and Sustainable Development

Five problem statements have been given in each domain and the sixth problem statement is open innovation in all domains.

Objective of the Communication

Viksit Bharat@2047 is the vision of the Government of India to make India a developed nation by 2047, the 100th year of its independence. The vision encompasses various aspects of development, including economic growth, social progress, environmental sustainability, and good governance. As India stands at this crucial juncture, poised to take off on its growth trajectory, it is important to realise that tremendous dedication and belief in India's destiny, immense desire, potential, talent and capabilities of the Indians, especially the youth, coupled with steadfast leadership, is necessary to realise this potential. There is enormous work that needs to be undertaken in a mission mode to make India Viksit Bharat by 2047. For this to happen, there is a need to chalk out a bold, ambitious and transformative agenda, and its communication to all stakeholders. The role of the youth, who constitute our largest population group, has a huge role here as they will lead India to Viksit Bharat by 2047.

Therefore, it is important to channelise the innovative ideas of the youth into nationbuilding by inviting them to ideate and contribute to the vision of Viksit Bharat by 2047. It is important that every youth, more so the youth in colleges/ institutes and Universities take part in this important nation building exercise. Therefore, it is important that outreach initiative of this program reaches to every youth in the country. Department of Higher Education, Ministry of Education will lead the communication and outreach in this regard.

EVENT SUMMARY REPORT

Nature of the Event	Online Certification Exam
Title / Theme of the Event	IIT Bombay Spoken Tutorials Online Certification Exam--R
Details of the Participant	IIIInd Yr CSE Registered students
Date on which Event is held	25/11/2023
Details of the Organizer	Krishna Chythanya Nagaraju Asst.Prof. CSE-GRIET. CSE Coordinator-Spoken Tutorials Online Certification Invigilator: Ms. B.Indu Priya Asst.Prof. CSE GRIET.
Target Audience	Registered students of CSE-IIIInd Yr.
Summary of the Event	To give exposure to open source software and enable students to prepare for on demand Data Science/ Machine Learning subjects, it was decided to offer R course through Spoken Tutorials Platform. Certification of course is based on a 40 min online exam. The course was registered by 363 students and 247 students took the exam on 25/11/2023. 178 students got certified.
POs attained with this Event (number and description)	i) Recognition of the need for, and an ability to engage in life-long learning. l) Ability to create and or use Computer Science and Engineering related software tools.

Summary of the Event	<p>IEEE GRIET CS SB organized a webinar under the title "FINDING YOU" on 7th August 2023 through google meet. The webinar was held from 5pm to 6pm and The webinar was well-attended, with many students and faculty members and was very interactive. It covered a wide range of topics that could help our students to pick a proper career path. The students demonstrated their a great deal of intrest by asking various questions and each student got to speak for themselves and talk about their issues.The students also received valuable inputs towards industry.</p> <p>In conclusion, the webinar organized by IEEE GRIET CS SB was a great success, and it provided an opportunity for students to showcase their intrests and learn a lot on how to start their career. The event was well-attended and received positive feedback from the attendees.</p>

Prof. Kannan M. Moudgalya
Department of Chemical Engineering
Indian Institute of Technology Bombay
Powai, Mumbai 400076

is to need to go to Remote Centres to participate in this test. The duration of the test will be less than one hour (about 30 to 45 minutes). It will have MCQ, simple calculations, and simple programming type questions using R. One can do the calculations on R, and answer the questions. There will be NO descriptive questions.

11. How to apply?

Enrollment will be strictly online, and no other mode of application will be entertained. The last date of registration is 08 November 2019, 12.30 pm. The URL for registration is: <https://www.iitb.ac.in/nmmt/announcements.html>

Register on the Spoken Tutorial Website:

1. Before the workshop, participants should register on <https://spoken-tutorial.org/>
2. Fill up the registration form and submit.
3. An email will be received.
4. The account should be activated by clicking the link in the email.
5. The Username and Password should be noted. This is an extremely important step.
6. One needs the above information to post questions on the forum, which will be explained at the time of the workshop.

Note

- Neither IIT Bombay nor the Remote Centre will bear the travel expenses of the participating representatives. There shall also be no accommodation provided to the participants.
- All participants are required to bring earphones, as they will have to listen to video tutorials. Without earphones, the workshop will not at all be effective.
- Computers to practise Spoken Tutorials and to learn R language will be available at Remote Centres. But if they wish, participants can bring their own laptops.

12. Address for communication

Dr. Kalpana Kannan
Project Coordinator, ESOS Project
Department of CSE, Kanwal Rekhi Building
Indian Institute of Technology Bombay
Mumbai - 400 076

Tel.: +91-22-2576 4989 Email: goutreach@iitb.ac.in

- 5. Teaching faculty
• Prof. Radhendushka Srivastava, Department of Mathematics, IIT Bombay
• Prof. Kannan M. Moudgalya, Department of Chemical Engineering
• FOSSEE and Spoken Tutorial Teams, IIT Bombay

6. Course Fee

Every participant has to pay Rs. 100 as the course fee to IIT Bombay at the time of online registration. On the day of the workshop, i.e. on 09 November 2019, they have to pay Rs. 400 to the Remote Centre that they would be attending, to defray the cost of organising the workshop, lunch, and coffee/tea. Please note that the registration fee once paid is neither refundable nor adjustable under any circumstances.

7. Who should attend?

As this workshop is not subject-specific, teaching faculty from all colleges (engineering, sciences, arts, commerce, management, law, medicine, etc.), polytechnic colleges, ITIs, schools, can attend. Teachers registered in any Masters programme, and also all Research Scholars can also participate.

8. Location and Venue

Workshop will be conducted on Saturday, 09 November from 9.30 AM to 6.00 PM at select Remote Centres in Bombay. This workshop will be conducted through a mode, using both live video conferencing facility and hands-on sessions using Spoken Tutorials. A workshop schedule will be available soon.

9. Certification

Certificates will be provided to all participants on successful completion of the workshop, in an electronic

10. Test and Certificates (Optional)

Two weeks after the workshop on 9 Nov. 2019 (unannounced), a free online test will be held. Information will be sent through email addresses, along with required links. All participants are asked to take this test from their own locations - there

EVENT SUMMARY REPORT

Nature of the Event (Workshop / Seminar / Guest Lecture / Tech Talk/ Training Program / Presentation/Conference)	Guest Lecture		
Title / Theme of the Event	“Geometric Spanners in Wireless Networks”		
Dates on which Event is held	From	To	No. of Days
	18/4/2023	18/4/2023	1 day
Name of the Organization	GRIET		
Name of the Participants	III B. Tech. - CSE		
Summary of the Event (prepare day wise report in detail)	Dr.S.V. Rao, Professor in Department of CSE, IIT Guwahati delivered lecture on geometric spanners in wireless networks. The following topics are discussed: Applications of Sensor Networks Types of Routing Protocols Network Model for Geometric Spanner Examples of Geometric Spanner		
POs attained with this Event (number and description)	PO 3: Design/Development of Solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for public health and safety, and cultural, societal, and environmental considerations. PO 5: Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations. PSO 2: Industry oriented technical skills: To foster industrial focused technical skills in Computer science and Engineering through value added courses and, to create a futuristic equipped professional.

EVENT SUMMARY REPORT

Nature of the Event	Workshop
Title / Theme of the Event	Problem Based Learning
Details of the Organizing Team	Dr.K.Madhavi, Professor & HoD, CSE –Convener, Mr. N. Krishna Chythanya, Asst.Prof., CSE – Coordinator, Mr. K. Chandramouli , Asst. Prof., CSE – Co coordinator.
Date on which Event is held	12 th – 13 th December 2022.
Details of the Speaker	Dr.Vikas Vital Shinde Director, PBLCOE Vishwaniketan. Pune Maharashtra.
Target Audience	Teaching Faculty of GRIET.
Summary of the Event	<p>The Workshop was more focusing on advocating Problem Based Learning pedagogy in engineering education. The speaker is a first Doctoral Degree holder from India in PBL area. During workshop the following points were covered.</p> <ol style="list-style-type: none">1. Need of PBL2. PBL design for a Course3. Assessment Design and Challenges4. Creating Sustainable PBL culture.5. PBL practice for NEP2020.
POs attained with this Event (number and description)	<p>c) Ability to design a system,component, or process to meet desired needs with realistic constraints.</p> <p>g) Ability to communicate effectively</p> <p>i) Recognition of the need for, and an ability to engage in life-long learning.</p> <p>l) Ability to create and or use Computer Science and Engineering related software tools.</p>

Approved by AICTE, New Delhi - Permanently affiliated to JNTUH, Hyderabad

15/12/2022.

Dr. Vikas Vittal Shinde,
Director, PBL COE,
Vishwanikentan iMEET, Khalapur.

Respected Sir,

Greetings for the day..

It gives me immense pleasure in writing this letter of thanks for the valuable contributions done by you as a resource person of 2- Day Workshop on Problem Based Learning (PBL) organized by department of CSE-GRIET during 12th-13th Dec. 2022.

On behalf of GRIET - Management, Administration and Staff, I take this opportunity to place on record our heartfelt thanks for your excellent sessions which introduced the concept of PBL to our faculty. The activities you conducted were very involving and the one on one discussion you held gave clear insights for the participants. The participants enjoyed your sessions thoroughly and the same is visible in the pouring in positive feedback we got. We believe, with this initiation and direction from you we will also surge ahead in implementing PBL in our college.

Looking forward for your continuous support in our future activities also.

Regards,

Dr.K.Madhavi,
CSE-HoD
GRIET-Hyd.

CIRCULAR

This is to inform all the HoDs that, a 2-Day Workshop on **PROBLEM BASED LEARNING** is being organized by the department of Computer Science and Engineering during 12th – 13th December 2022. In this connection the HoDs are hereby asked to nominate minimum 5 faculty members from the department and advice those to attend all the sessions without fail. Total number of participants allowed is between 50-60 candidates. Hence, bigger departments like CSE can nominate more faculty members. There is no registration fee. The list of faculty nominated is to be shared with Workshop Coordinator, earliest by this Friday i.e. 9/12/22.

J. Ravendra

Approved by AICTE, New Delhi - Permanently affiliated to JNTUH, Hyderabad

5/12/2022.

Dr. Vikas Vittal Shinde,
Director, PBL COE,
Vishwanikentan iMEET, Khalapur.

Respected Sir,

Greetings for the day..

On behalf of Gokaraju Rangaraju Institute of Engineering and Technology-Hyd, I take the privilege of requesting your kind consent to be as a **Resource Person** for a 2-Day Workshop or **Problem Based Learning (PBL)** being scheduled during 12-12-2022 to 13-12-2022. We would be glad to take care of hospitality and local logistics required.

We request you to contribute in taking the idea of PBL in to the thoughts of our faculty and guide us to grow in this direction.

Looking forward for an early, positive decision from you.

Regards,

Dr.K.Madhavi,

CSE-HoD

GRIET-Hyd.

Convener for PBL Workshop

To,
The Principal,
GRIET-Hyderabad.

30/11/2022

Respected Sir,

Subj: Proposal to organize a 2 day Workshop on Problem Based Learning --Tentatively/ during 12th - 13th Dec 2022 -Permission and Sanction of amount--Req -Regd.

I, the undersigned would like to bring to your kind notice the following request. As per your guidelines discussion was held with resource person Dr. Vikas Vittal Shinde, Director-PBL VIMEET-Pune, to conduct a 2 Day Workshop on Problem Based Learning and the resource person has kindly given consent to block 12th-13th December 2022. In this connection, I request your kind self to permit us to organize the workshop under CSE department for the benefit of nominated faculty of GRIET. The details of the estimated expenditure are as shown below.

SLNo.	Title of Expenditure	Estimated cost in Rs./-
1.	Honorarium of Resource Person	15000
2.	Tea and Snacks (Twice a Day for 50 participants)	5000
3.	Bouquets	500
4.	Stationary required for activities (Sketch pens, pencils, Drawing sheets etc)	3500
4.	Miscellaneous	1000
	Total	25000/-

Hence, It is here by requested to sanction permission and also disburse the amount of Rs.26500/- (Rupees Twenty Five Thousands only) for smooth conduction of the event.

Yours faithfully

Krishna Chy
Krishna Chythanya Nagaraju
Asst.Prof.- CSE - GRIET
Coordinator for Workshop.

Sir,
Kindly do the needful
30/11/22

Wed, Dec 7, 2022 at 8:33 AM

Respected sir,

Greetings for the day..

This is with reference to the phone conversation we had earlier.

I am Krishna Chythanya Nagaraju, Asst Prof., GSE GRIET, attended your session in a nearby college in Hyderabad. I wish to place on record that your session was really amazing, intriguing and paved a path for many to explore Problem Based Learning. After returning back in discussion with our higher authorities, it was decided to organize a 2-Day Workshop on Problem Based Learning for the benefit of faculty in GRIET.

On behalf of my authorities, with their permission, I request your kind consent to be a Resource Person and conduct a 2-Day workshop on Problem Based Learning.

The dates being proposed from our side are as follows : 12 - 13 December 2022.

Gokaraju Rangaraju Institute of Engineering and Technology is a premier institute in Telangana and you may be pleased to know we are in the Silver Jubilee year of college.

For more details about college : www.griet.ac.in.

Anticipating an early positive reply.

Vikas Shinde <director.pbl@vishwaniketan.edu.in>

Thu, Dec 8, 2022 at 4:20 AM

Dear Sir,

Thanks for invitation. I accept it. Please find a copy of the proposal in the attachment.

Probably, I will arrive one day before, on 11th Evening. Exact details of my travel will be sent to you soon.

Thanks for mail.

Title:

Training program on “Transforming India with Unmanned Aerial Vehicles & Drones” in collaboration with TCS, Hyderabad.

Date & Time:

26th August 2022, 10: 30 AM to 12 :30 PM

Venue: EEE Seminar Hall

Resource Persons:

Mr. Sridhar CV, Head, Alliances, RnI Incubation Corporate Technology Office, TCS, Hyderabad

Mr. Vinod Kumar S, Founder & CEO, Senseacre Labs, Hyderabad and TCS COIN Partner

Description:

AAC organised training program on “Transforming India with Unmanned Aerial Vehicles & Drones”, in collaboration with TCS, Hyderabad on 26th August 2022. The sessions addressed by experts were very interesting and covered introduction about drones, various Drone Case Studies, real time applications and UAV Use Cases.

No of Participants:

Students: 120

Faculty: 25

Summary of the Event	<p>A technical seminar is organized by CSE Department on 17/11/2021 for full day with a student strength of 120 in which a clear explanation is given regarding how and what is application security is all about. What are the vulnerabilities that arise and how they can be identified and solved. There are different kinds of vulnerabilities as stated below</p> <ol style="list-style-type: none"> 1. DVWA: <u>Damn Vulnerable Web App (DVWA)</u> is a PHP/MySQL web application that is damn vulnerable. The app is divided into sections for different types of vulnerabilities. The best thing about DVWA is it has <u>lessons/guidelines</u> on how to exploit a vulnerability. 2. Webgoat: <u>WebGoat</u> is a deliberately insecure application that allows you to test vulnerabilities commonly found in Java-based applications that use common and popular open source components. 3. Juice Shop: <u>OWASP Juice Shop</u> is probably the most modern and sophisticated insecure web application. It is written entirely in JavaScript (Node.js, Express, Angular). 4. Metasploitable: Metasploitable is a vulnerable virtual machine intended for practicing taking over machines. Intended to be practiced with metasploit- the ultimate vulnerability exploitation tool, this vulnerable VM is one of the most enjoyable ones to play with. It has three versions: <u>Metasploitable:</u> Released in 2010, this one is quite old. A lot of the vulnerabilities are not valid anymore. <u>Metasploitable 2:</u> Released in 2012, this one is more beefed up with vulnerabilities. <u>Metasploitable 3:</u> This one is the latest version and the one you should be 				

	<p>focusing on.</p> <p>The difference between versions 2 and 3 is that in metasploitable 3, you will also get to practice on windows environments. Metasploitable 1 and 2 are only Linux based.</p> <p>5. Security Shepherd: The <u>Security Shepherd</u> Project is a web and mobile application security training platform. This is the only app in this list that can provide a flavor of mobile app pen-testing.</p> <p>6. bWAPP: <u>Buggy web app (bWAPP)</u> is also PHP/MySQL web app. It has over 100 vulnerabilities for you to test.</p> <p>7. DVNA: <u>Damn Vulnerable Node Application</u> is a lesser-known vulnerable web app. Do this only after you have done Juice Shop.</p>

Faculty Names & Designation	--				
Summary of the Event	<p>IEEE GRIET SB under the Computer Society chapter organized a webinar on "An Insight to Cryptocurrency: Blockchain and Bitcoin for Beginners" by Mr. Ashutosh Kashyap. The objective of the session was to help students obtain an insight into the world of cryptocurrency. The session was held on 17th June 2021 from 5:00 PM to 6:30 PM using the platform "GoToMeeting".</p> <p>The speaker of the session, Mr. Ashutosh Kashyap is an entrepreneur, a risk analyst and a financial modeler. He is the founder of Ashutosh Kashyap Enterprises LLP and the Crypto Knight community at the age of 23. He has also delivered a TEDx speech on "Your network is your net worth" in NMIMS Shirpur Campus Maharashtra. He is on a mission to improve the efficiency of student entrepreneurs by enabling self-sufficiency through reducing the dependability on external investments.</p> <p>Mr. Ashutosh Kashyap began the session by asking an interesting question: "What came first? Blockchain or Bitcoin?". The answer to this is Bitcoin. Blockchain was later developed on the applications of Bitcoin. Blockchain technology is now considered to be the second layer over the Internet. He stated that if Blockchain is a sea, then Cryptocurrency is a river in that sea. He exclaimed that the information around Blockchain is still very confusing and new to the world. Throughout his presentation, he answered the most common questions around Blockchain.</p> <p>1. Why do we need to know about Blockchain?</p> <p>The speaker explains the importance of Blockchain using the story of the Honduras bridge. The bridge was created by the world's greatest architects and designed to withstand regional</p>				

hurricanes and it fared out exactly as planned. However, the problem was that the river it crossed had moved and the roads leading from it were destroyed. The bridge could not adapt to the new environment and was rendered useless.

The history of currencies began with the Barter system which was replaced by Gold because it was tough to determine the value of a product. Gold was replaced by Fiat currency because it was tough to directly exchange gold at the store.

However, in this system, the government knows all the financial details and has complete control over the chain. He says that change is inevitable and Blockchain is the next stage of currency.

2. Can you give us a brief history of blockchain and cryptocurrency?

The first 4 decades of the Internet have been able to give us amazing things but it still misses some things. The identity of someone with whom we meet online cannot be verified. Trust cannot be gained and Transaction cannot be done without validation. Two and a half billion people still do not avail bank services. The speaker says that Blockchain is the answer to all problems the Internet couldn't fix.

He defines Blockchain as "a time-stamped series of immutable records of data managed by a cluster of computers not owned by any single entity". Each of these blocks of data is secured and bound to each other using cryptographic principles. The blockchain network has no central authority.

3. Bitcoin vs Gold

Gold is scarce, durable, portable, divisible, fungible and hard to counterfeit. Bitcoin has more properties in addition to all the properties of Gold. Bitcoin's supply is fixed at 21 million while fresh reserves of gold can still be found. It is more divisible than Gold and it can be sent to someone similar to sending an email.

Summary of the Event	<p>Department of CSE organized a guest lecture on "Big Data Overview" for students of II&III B.Tech CSE,IT and ECE. Event started in the afternoon at 3:00 P.M. through online mode via Microsoft Teams platform. Sri. Yashowardhan Sowale, Vice President, Capgemini was invited as a chief guest. Mrs. B.Rupa faculty and co-ordinator for event introduced the speaker to the students and the faculty. Dr.K.Madhavi, HOD of CSE and Mrs.Rashmi, HR in Capgemini participated in event and addressed our students. The Event started by giving introduction to Big Data. He also explained the significance of Big Data, application areas and real time applications. Mr.Yashowardhan shared many ideas with students and faculty as well. The lecture provided an interactive atmosphere between the resource person and the participants. He has shared many experiences about his working projects in Capgemini to the participants. Questions were been asked by him and got good answers from students and students also asked few questions he gave good explanation to those questions with examples. The Event got ended on a happy note by token of thanks given by B.Rupa.</p>

Summary of the Event	IEEE GRIET SB under the Computer Society organised a webinar on "Designing Mini Projects 101" by Mr. Krishna Chythanya. The objective of the webinar was to help students understand the process of making mini projects. The session was held on 6th September 2020 from 4.00 PM to 6.00 PM, using the				

	<p>platform GoToMeeting.</p> <p>The speaker of the session, Mr. Krishna Chythanya, Asst. Professor, Department of Computer Science and Engineering at GRIET is currently pursuing PhD in the area of Neural Networks and Software Engineering. He has more than 16 years of teaching experience and has guided numerous projects. He has also conducted more than 10000 training hours for Competitive exams like Banks Clerks/POs, LIC, RRB and Personality Development.</p> <p>Mr. Krishna Chythanya began the session by addressing what a mini project is and why one should make it. To give an idea of what some of the major mini projects look like, he presented a video of a robotic arm made by a group of students. Decent knowledge of designing, coding and testing software was recommended by the speaker in order to achieve flexibility to work with a wide range of softwares. He also stressed on the importance of mini projects with respect to curriculum weightage.</p> <p>Over the course of the webinar, the speaker discussed in length the following areas one should consider before making a mini project:</p> <ul style="list-style-type: none"> • What is a project? • Significance of academic projects during job recruitments. • Advantages of making a good mini project. • With whom should one make a project? Any help from faculty? • How to get ideas for a project? • What are the most common technologies to consider while making a project <p>The session ended with a Q&A where students came up with doubts on budget, ideas for projects during pandemic etc,. The session was extremely informative and the speaker was successful at simplifying the process of designing mini projects for the students.</p>
<p>IRG (in rupees)</p> <p>Deposited A/C no A/C name and date and other details (enclose proof-A/C statement)</p>	-

Summary of the Event	<p>IEEE GRIET SB, under clusters, has organized a webinar on one of the core innovative technologies in AI - Natural Language Processing (NLP). Natural Language Processing is a field of Artificial Intelligence that gives the machine the ability to read, understand and derive meaning from naturally spoken human languages.</p> <p>The speaker for the webinar Gayathri Peesapati is a student of GRIET, pursuing 3rd-year B-Tech in CSE. She has graduated from the ISB Technology entrepreneurship program and has worked on multiple projects. She Gayathri gave a detailed overview of the prerequisite function of NLP which is Text Preprocessing. This essential function converts the text said by humans in natural language into a machine-readable format. Next, the speaker demonstrated the process of Text Summarization in NLP which enables users to extract a summarized version of the original data.</p> <p>Ms. Gayathri has illustrated functions and properties of NLP Text Summarization in a detailed fashion with relevant codes and output which boosted enthusiasm among participants to further explore the field of Natural Language Processing.</p>

Summary of the Event	<p>IEEE GRIET SB Computer Society conducted a webinar on "IEEE Xplore- Boosting Every Aspect of YOUR Career". The session was held on 6th April 2020 from 11.00 AM to 12.00 PM, using the platform Cisco WebEx meetings.</p> <p>The speaker of the session, Mr. Dhanukumar Pattanashetti is the client services manager at IEEE and works at the IEEE India office in Bangalore. Over the course of the webinar, the speaker discussed in length about the various ways IEEE Xplore can help a student with his/her career:</p> <ul style="list-style-type: none"> ● Projects: <p>To help the students understand better about how to start research and work on a project using the IEEE library, an example of a home automation system using IoT was used. Hence, it is recommended to filter the search results based on your requirement which may include: most cited, latest papers, etc. The search results can also be refined based on criteria like conferences, ebooks, journals, magazines, courses, early access articles and standards.</p> <p>It is advised to use different keywords which will help in narrowing down the results based on time, authors (affiliated to desired universities), etc. For new projects, Mr. Pattanashetti added that ideally it is required to go through a minimum of 50 articles. However, it is advised to refine the results using the advanced search and command search for relevance. Usage of Boolean commands like OR, AND is also very helpful. For related articles, NEAR operators can be used to reduce words in between keywords. An example was shown: "internet of things" NEAR/2" home automation".</p> <ul style="list-style-type: none"> ● Placements: <p>Before attending job interviews, students can use IEEE Xplore and go through various pages to get acquainted with companies. All the papers published by a company can be</p>				

	<p>viewed using author affiliated searches.</p> <ul style="list-style-type: none"> Recognition: Publishing papers while completing a Bachelor's degree is always appreciated. IEEE is known to be a great place to expand the network and start a career. All the papers and journals that have been published by a student using the Xplore library will come in handy during their placements, helping them get recognized by major companies. Higher Studies: Mr. Pattanashetti added that by using the Advanced Search page, one can search for different fields in different ranges. Experts can get in touch to guide students with their next step. All the profiles of the IEEE verified experts are available for choosing. Entrepreneurship: MIT Tech review publishes top breakthrough technologies. IEEE Xplore provides a platform to go through all the new and advanced technologies before starting entrepreneurship. Various journals on the same are available. Publications: The speaker briefed about browsing different journals and magazines and conferences using the required keywords to view the desired publications. They can be further filtered using the criteria mentioned before Competitive Edge: To stay current in the fast-changing world of technology, IEEE itself sends notifications using alerts. By setting and managing alerts, users are notified through mails whenever a new article is published on the selected topic. This helps to stay up to date with the growing technology and promotes efficient research. The session concluded with a Q&A where students and faculty came up with doubts on paper publishing, courses, membership details, benefits of being an IEEE member, executive committee queries, awards, etc.

Summary of the Event	<p>IEEE GRIET SB conducted a webinar on "5G Fighter Aircraft Avionics" under Geoscience and Remote Sensing Society. The webinar was held on 2nd April 2020 from 11:00 AM to 12:00 PM on the Zoom App. A fifth-generation jet fighter is a jet fighter classification used around the world that encompasses the fighter technologies. As of 2020 these are the most advanced aircrafts. The aircraft has the features of 4th Generation fighter designs and introduces all-new levels of performance, stealth profiles and advanced avionics with integrated digital flight systems and computer systems capable of networking with other elements within the battlespace for situation awareness.</p> <p>The speaker for the webinar is one of the directors of HAL, Dr. D. K. Sunil, HoD Communication, Strategic Electronics Research & Design Centre, HAL, Hyderabad.</p> <p>Dr. Sunil began the online session with the definition of Avionics and its evolution. It is the science of electronics when used in designing and making aircraft. Using a Powerpoint Presentation, he illustrated the pictures of different 5G Aircraft including Russia, the USA, Japan, South Korea, and China. Cockpits cover a significant part of Avionics.</p> <p>Next, he analyzed the differences between each generation of fighter jets from a technological perspective. Later, the 5G fighter features were reviewed:</p> <ul style="list-style-type: none"> ● Very low observability: A 5th generation aircraft is difficult to detect in the air due to its stealth technology. It exhibits very low radar and IR signatures (about 0.5 m²) making it extremely tricky to detect in the air by enemy aircraft. Dr. Sunil added that they also have twin vertical fins which help in reflecting any incoming radar wave away. ● Ultra- Maneuverability: It has multi-axis thrust-vectoring engine allowing it to take very sharp changes or turns in directions (high turn rates and spin resistance) ● Supercruise: 				

	<p>A 5G fighter has a powerful engine that sustains supersonic flights (Mach >1) without the use of afterburners.</p> <p>Dr. Sunil added that IR sensors are cooled with liquid nitrogen for accurate reading and also to detect low levels. He then discussed the evolution in the avionics architecture of the fighter jet by describing briefly about:</p> <ol style="list-style-type: none"> 1) Independent Avionics (the 40s-50s) 2) Federated Avionics (the 60s-70s) 3) Integrated Avionics (the 80s-90s) 4) POST-2000: <p>The speaker explained the architecture of the Advanced Avionics in detail which included:</p> <ul style="list-style-type: none"> ● Integrated Control System ● Radio Electronic System ● Communication System ● Recording System ● Central Computer ● EW system ● DAS <p>The webinar concluded with a Q&A session where students cleared their doubts about data transfer, unmanned aircraft, hacking, sensors, etc. The session was engaging and very interactive. Students were very enthusiastic to participate and learn about the 5G fighter even during the lockdown crisis.</p>

Summary of the Event	Department of CSE organized a guest lecture on "Big Data" for students of III B.Tech CSE, IT and ECE. Event started in the afternoon at 1:30 P.M. in RoomNo.1308. Sri. Leela Lakimsetty, Manager, Capgemini was invited as a chief guest. Neha Student of III B.Tech CSE Student introduced the speaker to the students and the faculty. Dr.K.Madhavi, HOD of CSE offered flower bouquet to Leela.The Event started by giving introduction to Big Data. She also explained the significance of Big Data, application areas and real time applications. Mrs.Leele shared many ideas with students and faculty as well. The lecture provided an interactive atmosphere between the resource person and the participants. She has shown her current working project in Capgemini to the participants.Questions were been asked by her and got good answers from students. She also gave hats to some of the students. The Event got ended on a happy note by token of thanks given by B.Rupa.

Capgemini

Leela Lakkimsetty

- Manager, Capgemini

- Having 15 + years of significant and progressive experience in IT companies.
- Worked extensively as Development Manager, Project Lead, System Architect, Software Designer and Developer on Telecom , CRM & Banking domain projects.
- Possessing excellent Analytical and Debugging skills.
- Strong Management skills and demonstrated proficiency in leading and mentoring individuals.
- Received 'Woman of the Quarter' award from Capgemini recently.
- Received 'Excellent Leadership & Customer Satisfaction' Award.
- Received 'Excellent Contribution in IT and Good Team Player' Award continuously two years.
- Received Best Project for 'Process Compliance' Award.

Summary of the Event	<p>A guest lecture was conducted for CSE students under IEI student chapter CSE on 21st January 2020 in Room No. 1410 where 62 students participated (Both IEI and Non-IEI students). Topic was an app developed by IAAA Technologies, by name "CITIZENCHAT", which has been introduced to the student fraternity as it is quite useful for them. The key features of the app are listed below.</p> <p>CitizenChat expands the world of possibilities, connect with different post your projects or ideas, find your job or business. CitizenChat experience of connecting with friends. Our aim is to create a bridge beyond physical boundaries of the world. You can now interact not just with people situated across any place, directly from your mobile device.</p> <p>KEY FEATURES OF CITIZENCHAT:</p> <ol style="list-style-type: none"> 1. Chats: Communicate with your friends with exciting new features application. Share pictures, documents, voice notes, video notes, make make cool acronyms with your friends' names. We are sure you'd love 2. In App Translator: Our unique "In app chat translator" helps you sent or received in over 100 languages. Now you don't have to worry message that you received and the tiring experience of switching to message translated. We got you covered. 3. Near Me: This feature helps you to discover people nearby to you connect request and get connected instantly. Making friends is easy now 4. Global Search (Citizens): Not just people nearby, now you can anywhere in the world with hobbies similar to yours and speak your language

Summary of the Event	<p>IEEE GRIET SB conducted a technical talk on 6th August 2019 in the ECE seminar hall. The main intention of this session was to help construct a career in autonomous driving and artificial intelligence during a brief session by Matt Lubbers, Director of Systems Engineering at Voyage and Tara Van Dyken, Senior Talent Acquisition Leader in Amazon. Matt Lubbers briefed the audience about the working of artificial intelligence and its role in autonomous driving. Matt's session captivated a lot of students as it stimulated their interest in the subject. A panel discussion was held with Tara Van Dyken and Matt Lubbers along with Dr. Y. Vijayalata, Branch Counsellor of IEEE and Dr. L. Jayahari, Dean of Student Affairs. They shared their expertise on recruitment procedure and tips on how to build a distinct resume. Tara stressed on the importance of networking in the recruitment process. Later, an interactive session was held in which the audience expressed their doubts on their respective topics. The event was concluded by a vote of thanks and National Anthem.</p>

He is the principal investigator of DST funded project of Cognitive science research initiative entitled 'A study of neuro medical diagnostics of cognitive impairment in case of Parkinson's disease using real-time multi-channel microelectrode recording system'.				
Participants		No.of Faculty	No. of UG students	No.of PG Students	No.of outside participants	Total Participants

(Teaching Faculty / Non-Teaching Faculty / Students)	8	207	-	-	215
Summary of the Event	<p>IEEE GRIET SB and CSI collaborated and conducted the event “Technical Talk”, a talk that analyses the information regarding Neuroscience in Artificial Intelligence and its importance. The fields of neuroscience and artificial intelligence (AI) have a long and intertwined history. In recent times, however, communication and collaboration between the two fields has become a common place. By understanding biological brain, they could play a crucial role in building intelligent machines.</p> <p>The talk was conducted on 20th July 2019 from 10:30 A.M to 12:00 P.M. The session was very useful as the main purpose was to impart and expand knowledge on Neuroscience in Artificial Intelligence as it helps doctors, scientists and engineers in many ways.</p> <p>The event was started by Dr. Venkateshwarla Rama Raju, Principal of CMRCET. He is the principal investigator of DST funded project of Cognitive science research initiative entitled ‘A study of neuro medical diagnostics of cognitive impairment in case of Parkinson's disease using real-time multi-channel microelectrode recording system’. He has an astonishing number of achievements and has published over 180 papers in national and international journals and over 12 chapters in IFMBE Springer Nature proceedings. He is also a professional member of different scientific societies of engineering medical biology, computing etc.</p> <p>The speaker gave us an explanation on what basically is Neuroscience and what happens when Neuroscience and Artificial Intelligence mend together. he also answered the queries that students had.</p> <p>He discussed the importance of mathematics in Artificial Intelligence and Neuroscience. He explained about tremors, he told us that by sampling neural signal</p>				

of a part in the brain we can get to know the behaviour. One can gain some insight into what role that part of the brain might play, such as :

- **Action** is a potential which occurs when a neuron sends information down an axon, away from the cell body.
- **Cognition** is the mental action or process of acquiring knowledge and understanding through thought, experience and the senses.
- **Emotions** are thoughts related to activity in brain areas that direct our attention, motivate our behaviour and determine the significance of what is going on around us.
- **Thought** encompasses an aim oriented flow of ideas and associations that can lead to a reality-oriented conclusion.
- **Perception** is often analysed as a process in which causal events from the environment act on a subject to produce states in the mind or brain.

He explained to us about the insertion of a chip into the Subthalamic Nucleus (STN). He invented a recording system which displays the result in the form of pulses which can be helpful in identifying the affected area in a person. This took him 10 long years to complete it. He discussed his future research. At the end of the event there was a question and answer session when students and faculty interacted with the speaker. K. Madhavi, HOD of CSE spoke a few words regarding the technical talk and Coordinator of IEEE Dr. Y. Vijayalata gave a memento to Dr. V. Rama Raju. The technical talk ended with a vote of thanks.
