

About the Convention

The primary aim of the CSI State Student Convention for Telangana state is to put students in the center stage of Technology and to explore the infinite potential of AI. During the Student Convention, various events such as Code debugging, web design, poster presentation, and Project Expo will be organized.

The event is designed to provide a forum for young graduates in the field of Engineering to show their talents. This one-day convention consists of invited lectures and contributed presentations in the areas of Artificial Intelligence. Various prizes will be given for the participants who showcase the best skills.

We take this opportunity to invite you to participate in this Convention. We believe that with your involvement and participation, this Convention can be a successful event.

Events

PROJECT EXPO

It is the display of Working Models/Prototypes of ideas in line with the theme of the convention

WEB DESIGNING

This activity aims to bring out the innovativeness of the students in developing state of the art websites, addressing issues in the theme of the event

POSTER DESIGNING

This event expects participants to artistically present ideas in a poster form, related to the theme of the convention

CODE DEBUGGING

A fun yet educational way that helps build coding. Use the debugging process to determine where problems occur and then fix those problems.

About GRIET

Gokaraju Rangaraju Institute of Engineering and Technology (GRIET) was established in 1997 by Dr. G Gangaraju as a self-financed institute under the aegis of Gokaraju Rangaraju Educational Society (GES). GRIET is approved by AICTE, New Delhi, permanently affiliated to, and autonomous under JNTUH, Hyderabad. GRIET is committed to quality education and is known for its innovative teaching practices. It is accredited by National Board of Accreditation (NBA) and NAAC accredited with an 'A' grade.

Our vision is to be the best of the institution for engineers and technologists with attitude, skills, and knowledge and to become an epicenter of creative solutions.

About GRIET-CSI-SB

The CSI-GRIET student Branch was formed to develop the skills of its members, Technically, by arranging seminars, workshops, and competitions.

Since its inception in the year 2014 and starting with a strength of 75 members, CSI GRIET SB has exponentially expanded to over 600+ students under its wing. The motive of the establishment being to get students acquainted with the latest technology and support bright ideas and keep the Student Branch vibrant.

CSI Student Branch organizes many events which are a collection of knowledge, learning, and fun-filled experiences. We conduct monthly events like tech talks, workshops and events like hackathon.

With innovative projects, enlightening on current trends, interacting with the outside world, social responsibility is built among students for the benefit of humanity.
